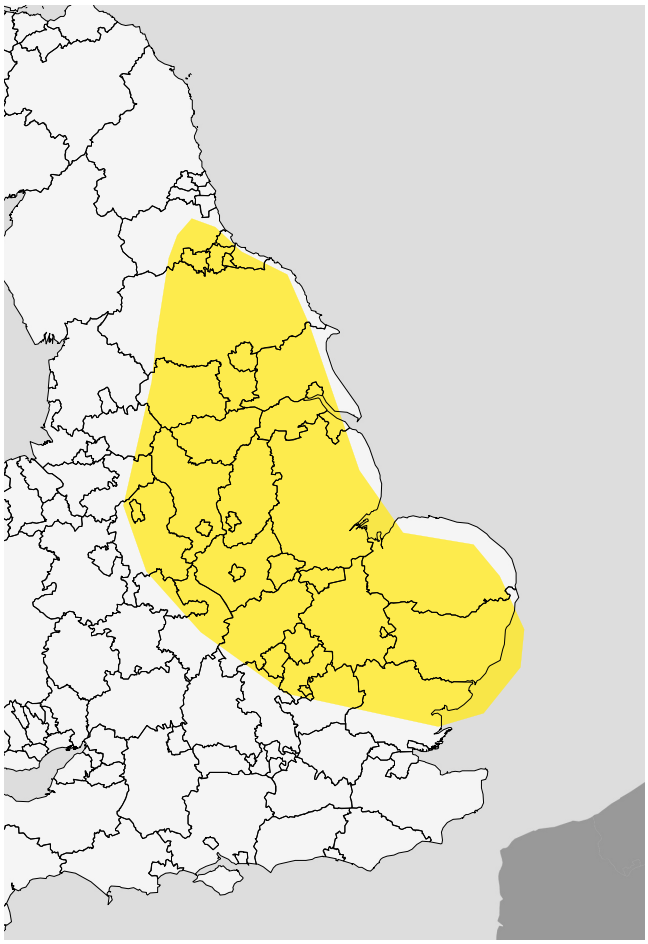
Yellow warning
Thunderstorm

Between
12:00 Fri 9 Sep 2022 and
19:00 Fri 9 Sep 2022



Heavy showers and thunderstorms may cause some impacts to travel.

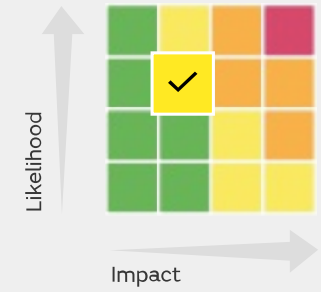
What to expect

- There is a good chance driving conditions will be affected by spray, standing water and/or hail, leading to longer journey times by car and bus
- Delays to train services are possible
- Flooding of a few homes and businesses is possible, potentially leading to some damage to buildings or structures
- Perhaps damage to a few buildings and structures from lightning strikes, with short-term loss of power and other services possible

Further details

Showers will develop fairly widely again by this afternoon, some being heavy with scattered thunderstorms. A few of these may become slow-moving or aligned over one particular place, more likely over the East Midlands and Eastern England.

15-20 mm of rain within an hour in places; one or two spots might see 30-50 mm in around 3 hours, where successive, or slow-moving, showers occur. Frequent lightning is also possible in a few places, along with hail.



Medium likelihood of low impacts
